Index of Authors

ABDEL AAL, T. M. *See* NAGATY, H. F.

ABRAHAM, RAJENDER. On two new species of *Giardia* parasitic in Indian mammals. (With 15 Figures in the Text), 159

ALLAN, RONALD M. Fleas (*Siphonaptera*) collected by Miriam Rothschild in the Bernese Oberland, Switzerland. (With 4 Figures in the Text), 169

ARTHUR, DON R. *Ixodes heinrichi*, sp.nov. from Angola. (With 7 Figures in the Text), 207

BAKER, J. R. Speculations on the evolution of the genus *Trypanosoma*, 11P

BATES, JOHN KEITH, the late. Field studies on the behaviour of bird fleas. I. Behaviour of the adults of three species of bird fleas in the field. (With 8 Figures in the Text), 113

BEESLEY, W. N. Some recent work on the biology of the ox warble fly, *Hypoderma* (Diptera Oestridae), 13P

BERRY, A. J. The occurrence of a trematode larva in a population of *Littorina saxatilis* (Olivi), 237

BISHOP, ANN. An analysis of the development of resistance to proguanil and pyrimethamine in *Plasmodium gallinaceum*, 495

CHERNIN, ELI. The unusual life-history of *Daubaylia potomaca* (Nematoda: Cephalobidae) in *Australorbis glabratus* and in certain other freshwater snails. (With 2 Plates), 459

CHOWDHURY, A. B., DASGUPTA, B. and RAY, H. N. On the nature and the structure of the calcareous corpuscles in *Taenia saginata*, 153

CHRISTIE, M. G. On the hatching of *Nematodirus battus*, with some remarks on *N. filicollis*. (With 4 Figures in the Text), 297

CHUBB, J. C. The parasite fauna of the fishes of Llyn Tegid, an oligotrophic lake, 20P

CORLISS, J. O. Facultative parasitism in Protozoa and its possible evolutionary significance, 10P

COX, F. E. G. The rôle of the reticulo–endothelial system in experimental malaria, 8P

DASGUPTA, B. On the myiasis of the Indian toad *Bufo melanostictus*, 63

DASGUPTA, B. *See* CHOWDHURY, A. B.

DAWES, BEN. A histological study of the caecal epithelium of *Fasciola hepatica* L. (With 5 Plates), 483

DINNIK, J. A. *Paramphistomum daubneyi* sp.nov. from cattle and its snail host in the Kenya Highlands. (With 4 Figures in the Text), 143

DOBSON, COLIN. Certain aspects of the host-parasite relationship of *Nematospiroides dubius* (Baylis). IV. The effect of the host's age on experimental infections in the mouse and rat, 31

DOBSON, COLIN. Certain aspects of the host-parasite relationship of *Nematospiroides dubius* (Baylis). V. Host specificity, 41

DONCASTER, C. C. Predators of soil nematodes (film), 19P

DUTT, S. C. Studies on the susceptibility of the guinea-pig to infection with *Schistosoma spindale* Montgomery, 1906, 199

DUTT, S. C. and MEHRA, K. N. Studies on the life history of *Hymenolepis farciminosa* (Goeze, 1782) (Cestoda: Hymenolepididae). (With 3 Figures in the Text), 397

ERASMUS, DAVID A. Studies on the adult and metacercaria of *Holostephanus lühei* Szidat, 1936. (With 1 Plate and 9 Figures in the Text), 353

FAIN, A. and HYLAND, K. E. The mites parasitic in the lungs of birds. The variability of *Sternostoma tracheacolum* Lawrence, 1948, in domestic and wild birds. (With 54 Figures in the Text), 401

FELDMAN-MUHSAM, B. Revision of the genus *Hyalomma*. III. *H. lusitanicum* Koch and *H. anatolicum* K. (With 6 Figures in the Text), 211

GANAPATI, P. N. and RAO, K. HANUMANTHA. Ecological and life-history studies on a strigeid metacercaria (Trematoda: Diplostomatidae) from freshwater fishes of Andhra Pradesh (With 1 Plate and 8 Figures in the Text), 519

HAARLØV, NIELS. Variation in the ixodid tick, *Ixodes arboricola* Schulze & Schlottke 1929. (With 18 Figures in the Text), 425

HARVEY, A. E. C. *See* HEISCH, R. B.

HEISCH, R. B. and HARVEY, A. E. C. The development of *Spirochaeta duttoni* and *S. recurrentis* in *Pediculus humanus*. (With 15 Figures in the Text), 77

HOCKLEY, A. R. Variation and the recognition of species in parasitic *Platyhelmia*, 11 P

HOPKINS, C. A. and MCCAIG, M. L. O. The development of the plerocercoid of *Schistocephalus solidus*, 16 P

HOYTE, H. M. D. *Eperythrozoon teganodes* sp.nov. (Rickettsiales), parasitic in cattle. (With 1 Plate), 527

HUGHES, D. L. Observations on the immunology of *Fasciola hepatica* infections in mice and rabbits, 4 P

HYLAND, K. E. *See* FAIN, A.

JACK, K. M. Observation on the genus *Pterygosoma* (Acari: Pterygosomidae). (With 25 Figures in the Text), 261

JANAKIDEVI, KILAMBI. On *Retortamonas cheloni* sp.nov., a parasitic Protozoon from the starred tortoise. (With 9 Figures in the Text), 165

KABATA, Z. Five new species of Myxosporidia from marine fishes. (With 8 Figures in the Text), 177

KABATA, Z. Incidence of coccidioses in Scottish herring, 11 P

KEARN, G. C. Some aspects of the biology of monogenean parasites of fishes: *Entobdella soleae* from the skin of *Solea solea*, 14 P

KULASIRI, C. The behaviour of suckling rats to oral and intraperitoneal infection with a virulent strain of *Toxoplasma gondii*, 193

LEE, D. L. Studies on the function of the pseudosuckers and holdfast organ of *Diplostomum phoxini* Faust (Strigeida, Trematoda). (With 10 Figures in the Text), 103

LEE, D. L. The distribution of esterase enzymes in *Ascaris lumbricoides*. (With 36 Figures in the Text), 241

LEE, D. L. The histochemical localization of leucine aminopeptidase in *Ascaris lumbricoides*. (With 2 Figures in the Text), 533

LEE, D. L. Further notes on *Actinolaimus hintoni* sp.nov. and *Dorylaimus keilini* sp.nov. (Dorylaimidae). (With 1 Figure in the Text), 537

LEES, E. The incidence of helminth parasites in a particular frog population, 95

LLEWELLYN, J. Some aspects of the biology of monogenean parasites of fishes: *Gastrocotyle trachuri* and *Pseudaxine trachuri* on the gills of *Trachurus trachurus*, 14 P

LOM, JIŘÍ. Trichodinid ciliates from fishes of the Rumanian Black Sea coast. (With 2 Plates and 13 Figures in the Text), 49

LONG, P. L. Observations on the duration of the acquired immunity of chickens to *Eimeria maxima* Tyzzer, 1929, 89

MCCAIG, M. L. O. *See* Hopkins, C. A.

MADSEN, H. Problems of blackhead transmission, 7 P

MATSON, B. A. Epizootiology of Trypanosomiasis in the field, 8 P

MEHRA, K. N. *See* DUTT, S. C.

MYKTOWYCZ, R. Epidemiology of coccidiosis (*Eimeria* spp.) in an experimental population of the Australian wild rabbit, *Oryctolagus cuniculus* (L.). (With 12 Figures in the Text), 375

NAGATY, H. F. and ABDEL AAL, TAHIA M. Trematodes of fishes from the Red Sea. Part 12. On four acanthocolpids including a new species. (With 4 Figures in the Text), 187

NEWTON, B. A. The nature and formation of 'chemotherapy granules' in a trypanosomid flagellate, 9 P

OGILVIE, B. M. The importance of adult worms in *Nippostrongylus brasiliensis* infections, 6P
ORMEROD, W. E. The appearance of 'Volutin Granules' in *Trypanosoma rhodesiense* studied by phase-contrast and electron microscopy, 9P

POYNTER, D. *See* ROBINSON, J.

QADRI, S. S. On three new trypanosomes from freshwater fishes. (With 25 Figures in the Text), 221
QADRI, S. S. The development in culture of *Trypanosoma striati* from an Indian fish. (With 41 Figures in the Text), 229

RAI, S. L. Studies on three new species of the genus *Allocreadium* Looss, 1900, from the intestine of *Barbus tor* (Ham.). (With 3 Figures in the Text), 23
RAO, K. H. *See* GANAPATI, P. N.
RAY, N. H. *See* CHOWDHURY, A. B.
REES, B. Studies on monocystid gregarines. Two new monocystid genera *Cephalocystis* and *Dendrocystis*. (With 1 Plate and 4 Figures in the Text), 1
REES, B. *Hysterocineta davidis* sp.nov., an intestinal parasite of the earthworm *Allolobophora caliginosa*. (With 3 Figures in the Text), 17
ROBINSON, J., POYNTER, D. and TERRY, R. J. The role of the fungus *Pilobolus* in the spread of the infective larvae of *Dictyocaulus viviparus*, 17P
RYBICKA, K. Some studies on the pre-oncosphere of the Cestode *Dipylidium caninum* L., 12P

SANDEMAN, I. M. *Diplocotyle*, an occurrence of gravid worms in *Gammarus*, 12P
SMITH, M. H. The role of haemoglobin in ascarid metabolism, 18P
SMYTH, J. D. Studies on tapeworm physiology. X. Axenic cultivation of the hydatid organism, *Echinococcus granulosus*; establishment of a basic technique. (With 2 Plates and 3 Figures in the Text), 441
SOULSBY, E. J. L. The antigenicity of the nematode cuticle, 5P
STOLL, N. R. On the biology of endemic hookworm, 1P

TAFFS, L. F. Immunological studies on the *Ascaris* of man and pig, 4P
TATCHELL, R. J. Studies on the male accessory reproductive glands and the spermatophore of the tick, *Argas persicus* Oken. (With 6 Figures in the Text), 133
TATCHELL, R. J. The digestion of blood proteins by the tick, *Argas persicus*, 13P
TERRY, R. J. *See* ROBINSON, J.
THIEL, P. H. VAN. Anisakiasis, 16P

UNNITHAN, R. VISWANATHAN. On the functional morphology of a new fauna of Monogenoidea of fishes from Trivandrum and environs. Part II. Opisthogynidae fam.nov. (Gastrocotyloidea) and Abortipedinae subfam.nov. (Protomicrocotyleoidea). (With 44 Figures in the Text), 315

VIK, R. The diphyllobothrium problem, 15P

WALKEY, M. Observations on the life history of *Neoechinorhynchus rutili* (O.F. Müller, 1776), 18P
WALLACE, H. R. The influence of moisture on the movement of nematodes, 12P
WEBSTER, J. M. The spread of the stem and bulb eelworm (*Ditylenchus dipsaci*) populations in narcissus, 12P
WELLS, P. D. Effect of *Nippostrongylus brasiliensis* on mast cell, eosinophil and histamine levels in the intestine of rats, 6P
WILLIAMS, H. HARFORD. *Acanthobothrium pearsoni* sp.nov. (Cestoda: Tetraphyllidea) and a comment on the order Biporophyllaeidea. (With 1 Plate and 10 Figures in the Text), 67
WILLIAMS, H. H. Mass mortality in the freshwater fish *Rutilus rutilus* L., 17P
WILSON, P. A. G. Physiological adaptation in *Nippostrongylus* larvae, 7P

Index of Subjects

Abortipedia indica gen. et sp.nov., ectoparasitic on Indian fishes, 315
Abortipedinae, subfam.nov., parasitic on Indian fishes, 315
Acanthobothrium pearsoni, sp.nov., tetraphyllid cestode, parasitic in *Orectolobus maculatus*, anatomy and systematic position of, 67
Acanthocephalus ranae, incidence of, in *Rana temporaria*, in Yorkshire, England, 95
Acanthocolpidae, trematodes, parasitic in Red Sea fishes, 187
Acanthocolpus liodorus, parasitic in the Red Sea fish, *Balistes aculeatus*, 187
Actinolaimus hintoni, sp.nov., further notes on, 537
age of the host, effect of, on the host-parasite relationship of *Nematospiroides dubius* in the mouse and rat, 31
Allocreadium dollfusi, sp.nov., *A. hirnai* sp.nov. and *A. singhi* sp.nov., trematodes parasitic in *Barbus tor*, 23
Allodiscocotyla diacanthi, sp.nov., and *A. chorinemi*, ectoparasitic on the gills of Indian fishes, 315
Allolobophora caliginosa, host of the monocystid gregarine, *Dendrocystis piriformis* gen. et sp.nov., 1
, host of the holotrichous Ciliate *Hysterocineta davidis*, 17
Ancylostoma duodenale, biology of human infection with, 1P
anisakiasis of man, 16P
Anisakis, species of, parasitic in man, derived from the herring, 16P
Aplectana acuminata, incidence of, in *Rana temporaria*, in Yorkshire, England, 95
Argas persicus, digestion of blood proteins by, 13P
, male accessory reproductive glands and spermatophore of, 133
Ascaris lumbricoides, distribution of esterase enzymes in, 241
, histochemical localization of leucine aminopeptidase in the intestine, excretory canals and hypodermis of, 533
, in man and *A. suum* on the pig, immunology of, 4P
, part played by haemoglobins in the metabolism of, 18P

Balistes aculeatus, Red Sea fish host of *Acanthocolpus liodorus*, 187
Barbus tor, host of the trematodes *Allocreadium dollfusi*, sp.nov., *A. hirnai* sp.nov. and *A. singhi* sp.nov., 23
Biporophyllaeidea, comment on the Order, 67
birds, domestic and wild, hosts of mites parasitic in the lungs, 401
, experimental malaria of, part played by the reticulo-endothelial system in, 8P
, Indian, definitive hosts of *Hymenolepis farciminosa*, 397
blackhead disease of turkeys, problems of the transmission of, 7P
Bufo melanostictus, myiasis of, due to *Lucilia porphyrina*, 63

cattle, hosts of *Eperythrozoon teganodes*, in Australia, 527
, hosts of *Paramphistomum daubneyi*, in Kenya, 143
, parasitic bronchitis of, spread by the fungus *Pilobolus*, 17P
Cephalocystis singularis gen. et sp.nov. gregarine parasite of *Eisenia foetida*, 1
Ceratomyxa auerbachi sp.nov., myxosporidian parasite of the North Sea teleostean fish, *Clupea harengus*, 177
Ceratophyllus balati, *C. vagabundus* and *C. borealis*, occurrence and hosts of, in Switzerland, 169
styx and *C. gallinae*, factors controlling the field distribution of, 113
Cercaria ubiquitoides, fluctuations in the incidence of, in *Littorina saxatilis*, 237
chickens, duration of acquired immunity of, to *Eimeria maxima*, 89
ciliates, trichodinid, ectoparasitic on the gills of Black Sea fishes, 49
Clupea harengus, North Sea teleostean fish host of *Ceratomyxa auerbachi*, sp.nov., 177
coccidiosis, of Scottish herring, 11P

coccidiosis, of the Australian wild rabbit, epidemiology of, 375
Cosmocerca ornata, incidence of, in *Rana temporaria* in Yorkshire, England, 95

Dasypsylla gallinulae, factors controlling the field distribution of, 113
Daubaylia potomaca, nematode parasite of *Australorbis glabratus* and other freshwater snails, life history of, 459
Davisia longibrachia sp.nov., parasitic in North Sea fishes, 177
Dendrocystis piriformis, gen.nov., sp.nov., parasitic in *Allolobophora caliginosa*, 1
Dictyocaulus viviparus of cattle, spread of the infective larvae of, by the fungus *Pilobolus*, 17P
Diphyllobothrium, problems of the diagnosis, variation and host-relationships of, 15P
Diplocotyle, gravid form of, in *Gammarus* (title only), 12P
Diplostomulum metacercariae, ecology and development of, in Indian freshwater fishes, 519
Diplostomum phoxini, function of the pseudosuckers and holdfast organ of, 103
Dipylidium caninum, studies of the pre-oncosphere of, 12P
Ditylenchus dipsaci, populations and spread of, 12P
Dolichosaccus rastellus, incidence of, in *Rana temporaria*, in Yorkshire, England, 95
Dorylaimus keilini sp.nov., further notes on, 537
Drepanopsetta platessoides, North Sea teleostean fish host of *Sphaerospora irregularis*, sp.nov., 177

Echinococcus granulosus, axenic cultivation and development of, *in vitro*, 441
eelworm, stem and bulb, populations and spread of, 12P
Eimeria maxima, duration of acquired immunity of chickens to, 89
, spp. parasitic in the Australian wild rabbit, 375
Eisenia foetida, host of the monocystid gregarine *Cephalocystis singularis* gen.nov., sp.nov., 1
endemic hookworm infection, biology of, 1P
Entobdella soleae, ectoparasitic on the skin of *Solea solea* in Britain, biology of, 14P
Eperythrozoon teganodes, sp.nov., Rickettsial parasite of Australian cattle, 527
esterase enzymes, distribution of, in *Ascaris lumbricoides*, 241

Fasciola hepatica, histology of the caecal epithelium of, 483
, immunity of mice and rabbits to, 4P
fauna, parasitic, of fishes of Bala Lake, Wales, 20P
fishes, Black Sea, hosts of trichodinid Ciliates, 49
, British, hosts of *Pseudaxine trachuri*, 14P
, freshwater, in India and England, hosts of three new species of *Trypanosoma*, 221
, hosts of ectoparasitic Monogenoidea, 315
, Indian freshwater, development of strigeid metacercariae in, 519
, North Sea teleostean, hosts of five new species of Myxosporidia, 177
, of Bala Lake, Wales, parasitic fauna of, 20P
, Red Sea, hosts of acanthocolpid trematodes, 187
fleas, collected by Miriam Rothschild in the Bernese Oberland, Switzerland, 169
, of birds, factors controlling the field distribution of, 113
Frontopsylla (*Orfrontia*) *frontalis*, *frontalis*, occurrence and hosts of, in Switzerland, 169

Gasterosteus aculeatus, development of the plerocercoid of *Schistocephalus solidus* in, 16P
, distribution of the metacercariae of *Holostephanus lühei* in, 353
, life history of *Neoechinorhynchus rutili* in, 18P
Gastrocotyle trachuri, ectoparasitic on the gills of *Trachurus trachurus*, biology of, 14P
Gastrocotyloidea, species of, parasitic on Indian fishes, 315
Gemmaecaputia brinkmannii, sp.nov., ectoparasitic on the gills of Indian fishes, 315
Giardia, dasi sp.nov., parasitic in *Paradoxurus hermaphroditus hermaphroditus* in India, 159
, *wenyoni* sp.nov., parasitic in *Loris tardigradus lydekkerianus* in India, 159
Gorgoderina vitelliloba, incidence of, in *Rana temporaria* in Yorkshire, England, 95
grasshoppers, Indian, intermediate hosts of *Hymenolepis farciminosa*, 397
gregarines, monocystid, two new genera of, 1
guinea-pig, susceptibility of, to *Schistosoma spindale*, 199

haemoglobins, part played by, in the metabolism of *Ascaris* spp., 18P
Haplometra cylindracea, incidence of, in *Rana temporaria* in Yorkshire, England, 95
herring worm disease of man, due to species of *Anisakis*, 16P
histomoniasis of turkeys, problems in the transmission of, 7P
hold-fast organ of *Diplostomum phoxini*, function of and presence of alkaline phosphatase and A-esterase and B-esterase in, 103
Holostephanus lühei, adult, metacercaria, hosts and taxonomy of, 353
hookworm, endemic, biology of, 1P
host-parasite relationship of *Nematospiroides dubius* in the mouse and rat, effect of the age of the host on, 31
, effects of host-specificity on, 41
host-specificity, effects of, on the host-parasite relationship of *Nematospiroides dubius* in the mouse and rat, 41
Hyalomma lusitanicum and *H. anatolicum*, revision of, 211
hydatid cysts, axenic cultivation and development of, *in vitro*, 441
Hymenolepis farciminosa, life history and hosts of, in India, 397
Hypoderma bovis and *H. lineatum*, recent work on the biology of, 13P
Hysterocineta davidis sp.nov., parasitic in *Allolobophora caliginosa*, 17

immunology, of *Ascaris lumbricoides* in man and *A. suum* in the pig, 4P
, of infections with *Fasciola hepatica* in man and rabbits, 4P
Ixodes arboricola, variation in, 425
heinrichi, sp.nov., parasitic on *Melocichla mentales*, in Angola, 207

Lethrinus mehsena and *L. nebulosus*, Red Sea fish hosts of *Monorchistephanostomum gracile*, 187
leucine aminopeptidase, in the intestine, excretory canals and hypodermis of *Ascaris lumbricoides*, 533
Littorina saxatilis, fluctuations of *Cercaria ubiquitoides* in, 237
Loris tardigradus lydekkerianus, host of *Giardia wenyoni*, sp.nov., in India, 159
Lucilia porphyrina parasitic on the Indian toad, *Bufo melanostictus*, 63
Lymnaea truncatula, snail intermediate host of *Paramphistomum daubneyi* in Kenya, 143

malaria, experimental, of birds, part played by the reticulo-endothelial system in, 8P
Melocichla mentales, host of *Ixodes heinrichi*, sp.nov., in Angola, 207
metacercariae, strigeid, ecology and development of, in Indian freshwater fishes, 519
mites, species of, parasitic in the lungs of domestic and wild birds, 401
monocystid gregarines, two new genera of, 1
Monogenea, ectoparasitic on the gills of British fishes, biology of, 14P
Monogenoidea, species of, ectoparasitic on the gills of Indian fishes, 315
Monorchistephanostomum gracile, trematode parasite of the Red Sea fishes *Lethrinus mehsena* and *L. nebulosus*, 187
myiasis of the Indian toad, *Bufo melanostictus*, 63
Myxidium laticurvum sp.nov., myxosporidian parasite of North Sea teleostean fishes, 177
Myxosporidia, five new species of, parasitic in North Sea teleostean fishes, 177

Necator americanus, biology of endemic infection with, 1P
nematode cuticle, antigenicity of, 5P
nematodes, influence of moisture on the movement of (title only), 12P
, soil, predators of, 19P
Nematodirus battus and *N. filicollis*, development of the infective larvae and hatching of the eggs of, 297
Nematospiroides dubius, host-parasite relationship of, in the mouse and rat, effects of the age of the host on, 31
, effects of host-specificity on, 41
Neoechinorhynchus rutili, life history of, in the stickleback *Gasterosteus aculeatus* and in Ostracoda and other intermediate hosts, 18P
Nippostrongylus, physiological adaptation of the larvae of (title only), 7P

Nippostrongylus brasiliensis in the rat, relative importance of the different stages of the life history in stimulating resistance and importance of the adult female, 6P
, effect of, on the mast cells, eosinophils and histamine levels, 6P

Ophicephalus striatus, Indian freshwater fish host of *Trypanosoma striati*, 229
Opisthogyne keralae gen. et sp.nov., ectoparasitic on the gills of Indian fishes, 315
Opisthogynidae fam.nov., species of, ectoparasitic on Indian fishes, 315
Opisthogyninae subfam.nov., species of, ectoparasitic on Indian fishes, 315
Orectolobus maculatus, host of *Acanthobothrium pearsoni* sp.nov., 67
Oryctolagus cuniculus, coccidiosis of, due to *Eimeria* spp. in Australia, epidemiology of, 375
Ostracoda, intermediate hosts of the Acanthocephalan *Neoechinorhynchus rutili*, 18P
Oswaldocruzia filiformis, incidence of, in *Rana temporaria* in Yorkshire, England, 95

Paradoxurus hermaphroditus hermaphroditus, host of *Giardia dasi* sp.nov., in India, 159
Paramphistomum daubneyi sp.nov., parasitic in cattle in Kenya and its snail host, description and life history, 143
parasitism, facultative, in Protozoa and its possible evolutionary significance, 10P
Parvicapula unicornis sp.nov., myxosporidian parasite of North Sea teleostean fishes, 177
Pediculus humanus, development of *Spirochaeta duttoni* and *S. recurrentis* in, 77
Pherapon jarbua, Red Sea fish host of *Stephanostomum gaabooli* sp.nov., 187
Pilobolus fungus associated with the spread of *Dictyocaulus viviparus*, cause of parasitic bronchitis of cattle, 17P
Plasmodium gallinaceum, development of resistance of, to proguanil and pyrimethamine, 495
Platyhelmia, variation and recognition of the species of, 11P
Polystoma integerrimum, incidence of, in *Rana temporaria* in Yorkshire, England, 95
predators of soil nematodes, 19P
proguanil, development of resistance to, by *Plasmodium gallinaceum*, 495
Protomicrocotyloidea, species of, parasitic on Indian fishes, 315
Protozoa, facultative parasitism in, and its possible evolutionary significance, 10P
Pseudaxine trachuri, ectoparasitic on the gills of British fishes, biology of, 14P
pseudosuckers of *Diplostomum phoxini*, function of and presence of A-esterase and B-esterase in, 103
Pterygosoma, generic diagnosis and intraspecific variation of the known species of, 261
pyrimethamine, development of resistance to, by *Plasmodium gallinaceum*, 495

rabbit, Australian wild, epidemiology of coccidiosis of, due to *Eimeria* spp., 375
Rana temporaria in Yorkshire, England, incidence of trematodes, nematodes and Acanthocephala in, 95
rats, suckling, behaviour of, to oral and intraperitoneal infection with *Toxoplasma gondii*, 193
Red Sea fishes, acanthocolpid trematodes parasitic in, 187
Retortamonas cheloni sp.nov., parasitic in the starred tortoise, *Testudo elegans* in India, 165
Rhabdias bufonis, incidence of, in *Rana temporaria* in Yorkshire, England, 95
Rutilus rutilus, infection of, with bacteria, fungi, Protozoa, a monogenean trematode and *Argulus foliaceus*, associated with mass mortality, 17P

Schistocephalus solidus, development of the plerocercoid of, in *Gasterosteus aculeatus*, 16P
Schistosoma spindale, susceptibility of the guinea-pig to, 199
Siphonaptera, *see* fleas, 199
snails, freshwater, life history of the nematode *Daubaylia potomaca* in, 459
Sphaerospora irregularis sp.nov., myxosporidian parasite of the North Sea teleostean fish, *Drepanopsetta platessoides*, 177
Spirochaeta duttoni and *S. recurrentis*, development of, in *Pediculus humanus*, 77
Stephanostomum gaabooli sp.nov., parasitic in the Red Sea fish *Pherapon jarbua*, 187
Sterostoma tracheacolum, parasitic in the lungs of domestic and wild birds, redescription and variability of, 401
stickleback (*Gasterosteus aculeatus*), host of the metacercariae of *Holostephanus lühei*, 353
, host of the adult of *Neoechinorhynchus rutili*, 18P
Strigeida, systematics of, 353

Taenia saginata, nature and structure of the calcareous corpuscles in, 153
Testudo elegans, host of *Retortamonas cheloni*, sp.nov., in India, 165
Toxoplasma gondii, behaviour of suckling rats to oral and intraperitoneal infection with, 193
Trachurus trachurus, fish host of *Gastrocotyle trachuri*, 14P
Trematoda parasitic in Red Sea fishes, 187
Trichodina puytoraci sp.nov., *T. raabei*, sp.nov. and *T. lepsii* sp.nov., and other species ectoparasitic on the skin and gills of Black Sea fishes, 49
Tripartiella, species of, ectoparasitic on the skin and gills of Black Sea fishes, 49
Trypanosoma, equiperdum, electron microscopy and chemical composition of 'chemotherapy granules' in, resulting from treatment with antrycide, 9P
, *rhodesiense*, phase-contrast and electron microscopy of 'volutin granules' in, 9P
, *striati*, parasitic in the Indian freshwater fish *Ophicephalus striatus*, description and artificial culture of, 229
, *winchesiense*, sp.nov., *T. batrachi* sp.nov. and *T. danilewskyi* var.nov. *saccobranchi*, parasitic in freshwater fishes in England and India, 221
, speculations on the evolution of the genus, 11P
trypanosomiasis of cattle in Nyasaland, epidemiology of, 8P

Vallisia indica sp.nov., ectoparasitic on the gills of Indian fishes, 315

warble fly, ox, recent work on the biology of, 13P
